Annual Requirement #1 – Complete Wellness Consultation

The Wellness Consultation is a 30-minute one-on-one health coaching session completed by a member of the WKKF Wellness Team.

The focus of the Wellness Consultation will be customized based on your current health status and your personal goals for optimizing your health in the future. It will begin with a short questionnaire that can be completed in advance of your meeting to help prepare the WKKF Wellness Team for your consultation, which is then used to target areas of your individual interests such as improved nutrition, physical fitness and other areas of your overall lifestyle.

For more information and to schedule your wellness consultation please [click here](#).

* Non-exempt staff are encouraged to schedule consultations during times that will have minimal impact on their work schedule. Please email the Wellness Team at wellness@wkkf.org with your preferred day and/or time to schedule your consultation.

Annual Requirement #2 – Complete Health Screening Assessment

A health screening assessment involves an evaluation of your overall health through a biometric screening. You have the option of either participating in an onsite biometric screening offered by WKKF **OR** submitting the alternative screening form when visiting your physician.

- Biometric screenings will be held at WKKF headquarters in Battle Creek multiple times through the year. The specific dates and details will be communicated in advance so that you have the opportunity to sign up for a screening appointment.
- If you are unable to attend the onsite screenings or prefer to meet with your physician instead, you can opt to complete your health screening offsite, through a medical provider of your choice. If you choose this option, you need to take the alternative screening form with you to your appointment and have the physician submit the results on your behalf. You can access the alternative screening form by clicking [HERE](#). Directions on where to send the one-page form are listed in the top section. The form must be submitted no later than **10/31/2022**.

Your health screening results will be kept confidential 100% confidential and accessed only by members of the LiveWell Wellness Team.
